

Esperance: Out of the way, out of this world DVD 2009

Your Referral For Future W.A. Regional DVDs

The information you provide will assist in tourism throughout Australia, regional areas of the states that normally can't afford to have a DVD created, can now do the similar to what's been done in Esperance. Various options are now customisable.

Please tell us why the above DVD is good for Esperance?

DVD is popular with locals and visitors, To send to relations and friends within Australia & overseas, to let them see how fantastic Esperance is & encourage them to come & visit. It really shows the whole town and area, including the beaches, various attractions and accommodation places...

In what way has the DVD mentioned helped your business?

Visitors often ask for a DVD of Esperance so it's good to have those recent images. We play the DVD here at the Visitor Centre and when someone wants for example to know what the sandboarding tour is we can quickly find it in the DVD's menu and play it for them.

What Do You Like Best About The Content Of The DVD?

Interesting info given in an interesting way, shows all aspects of Esperance town & area, enough to whet one's appetite to plan a visit.

If there isn't enough room, please use the back of this page, thank you.
